PHOTOGRAPHS UNDER 37 CFR § 1.184(b)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the OIPE requirement that Applicant file substitute drawings in the NOTICE TO FILE MISSING PARTS IN A NONPROVISIONAL APPLICATION dated April 2, 2001, Applicant includes herewith one copy each of a substitute drawing for FIGS. 1 and 2, and three sets of photographs accordingly marked as FIGS. 3-6.

Applicant submits that the nature of the invention requires that photographs, rather than line drawings, be allowed for four of the six FIGS. in the application. Applicant will amend the specification to add the language required by 37 CFR § 1.184 upon notification that photographs will be accepted and that the application contains allowable subject matter.
